

2develop for Schools

An online tool designed specifically to meet the emerging development needs of schools and their people

What is 2develop for Schools?

2develop for Schools is an e-portal designed to specifically meet the development needs of schools and LA's in line with national school agendas. It helps local authorities, schools and individuals to discover skills gaps, to plan and assist with future training and development and address the gaps. 2develop for Schools has current and appropriate material for the whole school team.

What are the benefits of 2develop for Schools?

To Schools:

- Allows schools to determine development needs and current competencies of their staff
- Assists schools with action planning for future development
- Assists schools to achieve national standards and in completing OfSTED self assessment requirements

To Individuals:

- Raises individual self esteem, encouraging skills development
- Contributes to identifying skills gaps supporting reflective practice and self evaluation
- Encourages career and succession planning

What exactly does 2develop for Schools include?

- ✦ Demographic Analysis - An about you questionnaire which helps schools to find out what qualifications their staff have and more
- ✦ Role Analysis - For support staff and teachers
- ✦ Training Needs Analysis - for support staff against national standards such as NVQ's and HLTA, for teachers against the teachers standards framework or head teachers against the national standards for head teachers
- ✦ Organisational Analysis - Against the Investors in People Standard and EFQM standard
- ✦ Automatic reporting for individuals and the school from a wide range of options
- ✦ Action Planning/CPD log
- ✦ Support Materials
